

# Earn While You Learn

## EMT Academy

**Schedule Regular Full-Time**

**Los Angeles, CA**

### **Earn while you learn to be an Emergency Medical Technician (EMT)**

McCormick Ambulance is offering a unique opportunity for individuals interested in a rewarding career in pre-hospital medicine.

You will also be eligible for benefits including:

- Excellent benefit package including medical, dental, life, vision, disability and 401(k) plan with company match.
- Paid Time Off (PTO)
- Opportunities for professional growth

### What is an Emergency Medical Technician (EMT)?

The primary focus of the EMT is to provide basic medical care and transportation for emergency and non-emergency patients who access the emergency medical system. This individual possesses the basic knowledge and skills necessary to provide patient care and transportation, and functions as part of a comprehensive EMS response under medical oversight. An EMT performs interventions with the basic equipment typically found on an ambulance and is a link from the scene to the emergency health care system.

### About the Program:

The eligible candidate will be hired as an employee and compensated at a training wage. The program is a rigorous training period which qualifies the employee to take the National Registry of Emergency Medical Technicians ("NREMT") - EMT Examination. There is no cost for the class and all books, tuition, fees, and uniforms will be paid by McCormick Ambulance. Upon successful completion of the class, all tests and state certification, the employee will be transferred to an EMT position with an increase to the EMT compensation rate.

### Desired candidates must:

- Be at least 18 years old.
- Have proof of a HS diploma or GED
- Valid Driver's License
- Have all required immunizations.
- Successfully complete the pre-employment screening which includes motor vehicle and criminal background checks, drug testing and a physical agility test

What happens after passing the course?

After successful completion of the course, the employee will be eligible to take a written and skills test offered by the National Registry of Emergency Medical Technicians ("NREMT") - EMT Examination, register with the Los Angeles County Emergency Medical Agency (LACEMA), go through the DMV process for your Ambulance certificate, and will be required to work for McCormick.

Upon receipt of the state EMT-B certification, employees will be assigned their full-time shift and complete new-hire orientation training.

***This document in no way constitutes a contract of employment.*** This description is not intended to be an exhaustive listing of all skills, duties, or responsibilities associated with the job. Management reserves the right to revise the job, or to require that other or different tasks be performed, should circumstances change (i.e., changes in personnel, workload, or technological development).

**Why Choose McCormick Ambulance?** McCormick Ambulance is one of Global Medical Response's (GMR) family of solutions. Our GMR teams deliver compassionate, quality medical care, primarily in the areas of emergency and patient relocation services. View the stories on how our employees provide care to the world at [www.AtaMomentsNotice.com](http://www.AtaMomentsNotice.com). Learn how our values are at the core of our services and vital to how we approach care, and check out our comprehensive benefit options at [GlobalMedicalResponse.com/Careers](http://GlobalMedicalResponse.com/Careers).

Upon acceptance of offer and joining the GMR family, you will be required to submit your Covid-19 vaccination status of either vaccinated or not vaccinated.

**If you are interested in the program or would like more information, please contact Nicholas Amsler:**

This 21-day program is from 8am thru 3pm on Mondays, Wednesdays, and Fridays each week and will last approximately 7 weeks. 14 sessions are lectures and will be done LIVE and online. The remaining 7 sessions are conducted IN PERSON for skill training and final testing. All IN PERSON sessions are held at our Hawthorne campus located at the McCormick Ambulance facility at 13933 Crenshaw Blvd in Hawthorne CA 90250. The Principal Instructor is Mike Wilson, a former Paramedic with over 40 years of field and classroom experience.

**CIEMT's pass rate on the NREMT exam is currently 97% for first time test takers!**
